MEMORANDUM FOR THE RECORD

The attached letter was furnished through the kindness of Mr. Hubbard. The hardware referred to is the MOL Mission Development Simulator and associated computers which were loaned to NASA..(At such time as NASA is through with them the computers are to be reported back to the Air Force for reutilization.)

This letter notifies G.E. that upon request from Marshall Space Flight Center, they are to transfer the entire simulator to Huntsville.

REPLY TO
ATTN OF:

TO: Manned Spacecraft Center
Attn: Mr. Donald Cherry/BC-24

Goddard Spaceflight Center
Attn: Mrs. Carolyn Lane/242

FROM: MT/Director, Advanced Missions Program

SUBJECT: Manned Earth Viewing System - G.E. Valley Forge

REF: My memorandum dated December 11, 1970, Same subject

The reference memorandum advised you of a change of cognizance at Headquarters with respect to the subject system and associated inventory. It further instructed you to transfer the inventory of equipment and material to contracts NAs 9-11287 and NAs 5-3793 (F) as appropriate.

This is to instruct you to transfer accountability for items in this inventory to contract NAs 8-22613(F) in accordance with requests you will receive from Mr. Paul McCutcheon, Contracting Officer at MSFC. It is my expectation that MSFC will request transfer of the entire inventory. You may proceed under any arrangement that is mutually agreeable to you and Mr. McCutcheon; no further requests for approval or concurrence from this office are necessary to effect transfer. However, please keep this office informed by copy of all correspondence to Mr. John Hammersmith, Code MTL.

When you ascertain that MSFC has custody of all items they desire, please report to me the nature, extent, and location of any residuals. If there are none, so state.

If you have any questions or if unanticipated difficulties arise, your contact in this office remains John Hammersmith, phone 755-3133.

A handwritten signature in cursive script, reading "Philip E. Culbertson", is written in dark ink.
